No Cost Dental

What do we do?

In order to expand our focus and meet more needs of the community, Nature Coast Ministries is working with other agencies in the area as well as local dental professionals to provide care to our under-insured members of the community.

These free services allow Citrus County residents who do not have dental insurance and are within 200% of the federal poverty guideline to have access to dental services. These services are made available at no cost to them thanks to the donations we receive.

The Dental Clinic

Our dental clinic has been built not only to make our patients comfortable while receiving treatment, but also to attract high-quality dental professionals. The facility has been constructed with high-standard “state of the art” digital equipment to allow professionals to work efficiently and easily without hassle.

Our main goal is to minimize and eliminate the unnecessary pain our neighbors feel due to infection or broken teeth and to feel more confident in their appearance when seeking employment.

Due to the extremely high demand of our services, the facility is only able to provide fillings and extractions by appointment only.

Our New Location

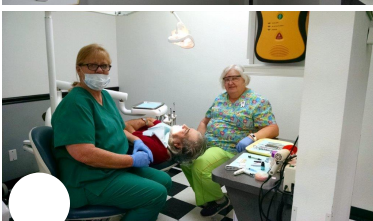

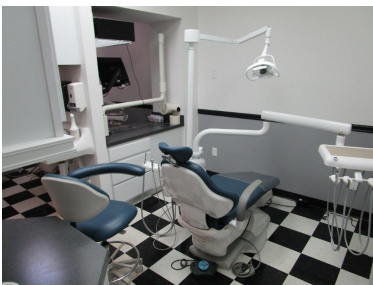

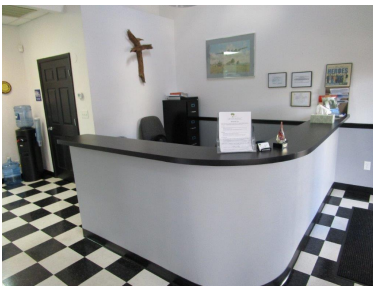

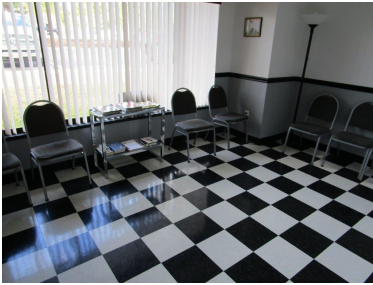

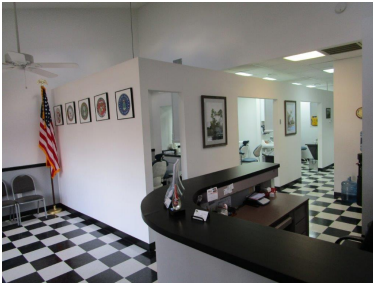

In our new clinic, we will have two standard dental operatories as well as the new surgical operator. What this means is we will be able to equip the operator with the latest tools and equipment (including the new panoramic x-ray machine) needed to facilitate more in-depth surgical extractions.

Our new location for the dental clinic is: 7655 W Gulf to Lake Hwy. Unit 8, Crystal River, FL 34429.

We do not accept walk-ins.

Transportation

Those without independent transportation can take the Orange Line bus. The Orange Line bus system has 3 separate lines covering the entire county from Floral City to Chassahowitzka.
